

Captioned Telephone

How to make a call with CapTel®:

- 1 After picking up the handset, verify that the red light over the Caption button is lit. If not, press the button to turn it on.
- 2 Dial the number of the person you are calling.
- 3 "Waiting for Captions" will appear on the screen. When the other party answers, the captions will begin.
- 4 Listen, read, speak and enjoy your conversation.

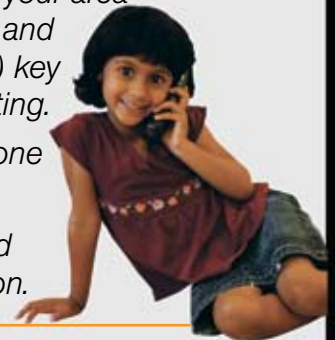

“Now I can make my own phone calls without having to depend on someone else!**”**

How to receive an incoming call:

If you use 1-line CapTel:

- Tell your caller to dial 1.877.243.2823 (Español: 1.866.217.3362). The caller then enters your area code, phone number, and presses the pound (#) key after hearing the greeting.
- When your CapTel phone rings, answer the call.
- Listen, read, speak and enjoy your conversation.

If you use 2-line CapTel:

Your caller simply dials your phone number directly, no need to dial the 877 number.*

* For more information on how to use 2-line CapTel, contact customer service at 888.269.7477 or check out www.njcaptel.com.

Note:

When the other party is finished speaking, the CapTel user may need a moment to read the captions before responding.
